

Journey[™]

2000 WINNEBAGO®

P36L in Ivory Coast Spacious and comfortable, the living area features a centrally located 25" satellite system-ready TV and VCR. Beautiful cabinetry surrounds the slideout which extends the couch and galley areas.

That destination you have in mind is a lot closer than you think. Introducing Journey. The new brilliantly designed diesel-pusher from Winnebago. It's loaded with all the features and amenities you'd expect from the leader in motor home comfort and value. With three unique floor plans to choose from and distinct residential design features, you'll feel equally at home by the ocean, near a mountain or, if the spirit so moves you, in the driveway. Journey is the most sensible way to satisfy your craving for adventure.

The bus-style comfort of the new Journey takes you first class all the way.

P36L in Amethyst Frost Thanks to our TrueAir™ Residential Central AC, everyone will stay comfortable as they gather around the dining table in these cozy chairs and available leather banquette. The TrueAir unit sits below the floor to cool the expansive living area quietly and more efficiently. It also provides a lower clearance height and better serviceability. And its basement location means AC condensation simply drops to the ground—no more water dripping on your head from rooftop cooling units.

P36L This walkthrough bathroom features a large linen cabinet, hair dryer and a mirrored medicine cabinet with makeup lights. It all adds up to convenience and comfort.

P36L The private water closet in the Journey includes a residential-height toilet, wood-grain cabinetry, convenient robe hook, and a window that brightens things up.

P36L in Amethyst Frost This stylishly appointed bedroom features a 13" TV, a queen size Serta® mattress, two large shirt closets and plenty of room to move around. There's even more storage under the bed.

P36L in Ivory Coast Journey's galley features an available solid-surface counter top, coffee maker, available residential over-the-range microwave/convection oven, single-lever kitchen faucet, spacious pantry, and a water purification system. There's also a window you can open for a nice breeze.

P36L The drainage system incorporates a heated storage compartment along with black water flushing system. A 3" waste and 1½" fresh water system drains both systems quickly.

P36L Attention to detail abounds in the cab area, which includes a Sony stereo, beverage tray and reminder lights for the antenna and satellite dish. Options include a rearview monitor system, leather seats, 6-way power driver's seat and a footrest on the passenger chair.

P36L You'll enjoy the great view through the bus-style, automotive-mounted windshield which is bonded in steel with a non-hardening sealant for greater durability. Exterior mirrors with larger reflective surfaces enhance safety.

P36L With its high-mount rear brake light, the stylish rear cap adds a finishing touch to the Journey.

Exploring takes on a practical side with features designed to make life simple.

P36L The OnePlace™ Systems Center places frequently checked switches and gauges into one convenient location. The PowerLine™ Energy Management System allows you to run AC without interruption on 30-amp service.

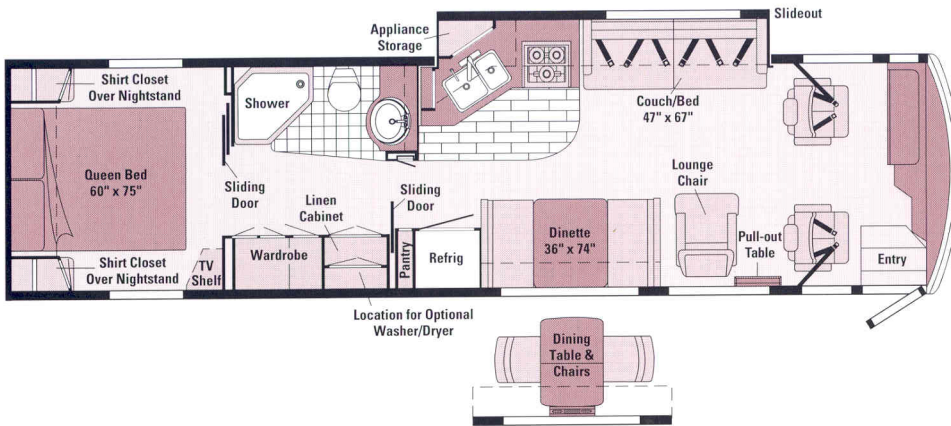

P36L The StoreMore™ Hydraulic Slideout System exterior storage compartments extend with the room and are lighted to make loading and unloading easier.

P36L Wider handles make it easier to open and close drawers and doors.

P36L An innovative rain gutter channels water away from the awning. The exterior entrance handle helps you get in and out, while single paddle compartment latches make accessing your storage a snap. And unlike rubber roofs, the one-piece, seamless fiberglass roof resists tearing, fading, chalking and deterioration.

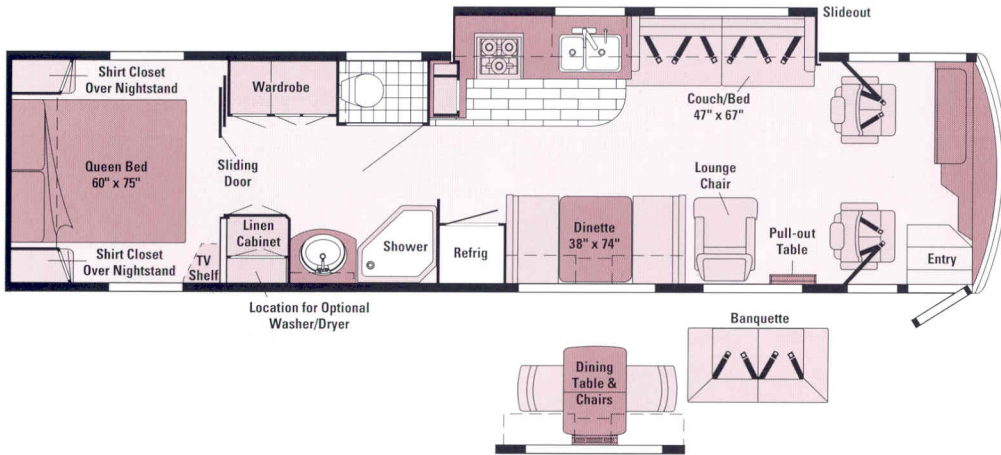

34B

- Galley/couch slideout floorplan.
- Private bath with textured glass shower door.
- Convenient front entry design.
- Available dining table and chairs.

36G

- Dinette/couch slideout floorplan.
- Walkthrough split bath design with private toilet area.
- Convenient front entry design.
- Available sofa/sleeper.

36L

- Galley/couch slideout floorplan.
- Split bath with private toilet area.
- Convenient front entry design.
- Available two-cushion banquette.

WARRANTY			
12-Month/15,000-Mile Basic Warranty, 36-Month/36,000-Mile Limited Warranty on Structure and Lamination**, 10-Year Limited Parts & Labor Warranty on Roof	S	S	S

*The height of each model is based on the curb weight of a typically equipped unit on the standard chassis. The actual height of your vehicle may vary by as much as 2" depending on chassis or equipment variations.

**These floorplans feature a widebody design—over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank. *Not all items available in combination. See dealer for details.

TV satellite system option does not include receiver or programming activation. Quality reception is only available in the lower 48 states. **See your dealer for complete warranty documentation information.

Winnebago Industries' continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available.

Not all motor homes are built the same, or supported the same.

When you purchase a Winnebago Journey you benefit from unique advantages, beginning with some of the most comprehensive warranty programs in the industry. It includes a 12-month/15,000-mile basic protection plan, 36-month/36,000-mile warranty on the structure and a standard 10-year limited parts and labor warranty on the roof.

Mechanical emergency while on vacation? Go to your nearest Winnebago Industries dealer. TripSaver guarantees that qualifying, in-stock emergency warranty repair parts will be air-shipped from our factory within 24 hours. Plus, every new purchase comes with a one-year membership in our Premium Roadside Assistance Program, a 24-hour nationwide plan that covers road emergencies with free services like jump starts, tire changes, fuel delivery and lockout assistance.

In addition, Winnebago Industries vehicle owners are eligible to enroll in the Winnebago-Itasca Travelers (WIT) Club. As a member, you'll enjoy many benefits including mail forwarding, trip planning, rallies, caravans and more.

To learn more about what separates our motor homes from others, ask for this free guide next time you visit your Winnebago Industries dealer. It explains our superior manufacturing process. Use it to learn more about important safety and quality considerations as you shop for the motor home that's best for you.
